Honorable Edward P. Boland, Chairman
Permanent Select Committee on
Intelligence
House of Representatives
Washington, D.C. 20515

Dear Mr. Chairman:

I am enclosing an extremely sensitive intelligence report. Tab A, which is the complete report, is for your information; Tabs B and C contain extracts from the report which pertain to the responsibilities of Standards of Official Conduct Committee Chairman Flynt and International Relations Subcommittee on International Organizations Chairman Fraser respectively.

This report has also been made available to the Department of Justice and the Federal Bureau of Investigation. I must ask that neither you nor Chairmen Flynt or Fraser take any action or make further independent inquiry based on the information contained in this report without first consulting me. This is to assure that any contemplated action adequately takes into account my statutory responsibility for the protection of intelligence sources and methods, and to ensure that there will be no prejudice to ongoing investigations of the Department of Justice.

In light of the very sensitive intelligence sources and methods that are involved, please return Tabs A, B, and C immediately following your personal review and that of Chairmen Flynt (Tab B) and Fraser (Tab C).

Yours sincerely,

STANSFIELD TURNER
